PROFESSIONAL SUMMARY

Detail-oriented Junior Manual QA Tester currently completing an intensive Manual QA (Software Testing) course at Hillel IT School. Hands-on training in requirements analysis, test documentation creation (test cases, checklists), and multi-platform execution. Experienced in defect lifecycle management via Jira, API testing using Postman, and data validation with SQL. Strong analytical and problem-solving skills developed through a background in banking compliance, technical support, and high-volume customer service.

TECHNICAL SKILLS

Testing & Methodologies:	Manual Testing, Functional, Regression, Smoke, UI/UX, Web & Mobile Testing, SDLC, Agile, Scrum
Test Documentation:	Test Cases, Checklists, Bug Reports, Requirements Analysis & Review
API & Data Validation:	Postman, REST API Testing, JSON Validation, SQL, MySQL, MySQL Workbench
Tools & Web Basics:	Jira, Git, GitHub, VS Code, HTML5, CSS3, Basic JavaScript

QA TRAINING PROJECTS

Manual QA Trainee | Hillel IT School | Odessa / Remote **May 2026 - Present**

- Analyzed and reviewed software requirements to identify ambiguities and map out robust edge-case test scenarios.
- Designed and executed **50+ comprehensive test cases** and verification checklists for web and mobile training applications.
- Logged and tracked **20+ verified defects in Jira** with clear reproduction steps, severity levels, and expected vs. actual results.
- Performed end-to-end functional, regression, smoke, and UI testing across multiple simulated e-commerce and banking web platforms.
- Simulated **REST API workflows in Postman**, successfully validating JSON response statuses, headers, and schemas during collection runs.
- Formulated advanced **SQL queries (using JOINs, GROUP BY, and aggregate functions)** in MySQL Workbench to validate back-end data integrity.
- Managed code versions, branches, and code pushes efficiently using standard Git and GitHub workflows.

WORK EXPERIENCE

Server | IHOP | Tamarac, FL **Dec 2022 - Present**

- Manage high-volume multitasking with meticulous attention to detail to ensure perfect order execution and customer satisfaction.
- Actively resolve complex customer complaints, process accurate secure payments, and coordinate with team members in a fast-paced environment.

Loan Documentation Specialist | UKRSIBBANK BNP Paribas Group | Vinnytsia **Aug 2013 - Apr 2015**

- Conducted exhaustive verification of loan documentation, legal contracts, signatures, and customer records to guarantee complete data accuracy.
- Performed strict data reconciliation by cross-checking physical paper documents against internal electronic databases to identify and log structural anomalies.

Technical Support Specialist | Carlin Group | Vinnytsia **Mar 2012 - Apr 2015**

- Delivered professional remote technical support and troubleshooting for e-commerce, internet, and digital TV networks.

- Investigated critical order discrepancies and technical glitches, processed system complaints, and maintained clear, precise customer account records.
